Audit of Hunsur Municipal Grain Depot Accounts

I have the honour to state that the Grain Depot accounts were not being kept properly and up to-date and that many irregularities were observed in his notes of inspection received by the Assistant Comptroller, during his last inspection. Inspite of instructions issued to the President to maintain accounts proper by the office, the work was not being attended to. The question was taken up by me in November, 1947 and the president was asked to maintain all accounts which Government sales depots keep in consultation with the Auditor. The depot was inspected by me subsequently, during the inspection of the Municipal Office at Hunsur on 22-3-1947. Accounts, as in the Government Depots had been maintained as instructed and it was suggested to the President as a next step that he may get the depot accounts duly audited by a certified auditor.

The President has accordingly furnished his proposal in consultation with the Assistant Registrar of Co-operative Societies which is enclosed. The Council propose to entrust the work of auditing the accounts up to end of June, 1947 to the certified Auditor Mr. M N Ananthapadmanabha Rao, at a remuneration of Rs. 150/- as against Rs. 280/- at Rs. 300/- per annum, asked for. Copy of the resolution

Resolution dated the 28th July 1947, received is enclosed. This amount is proposed to be paid out of the Depot surplus funds

I request in these circumstances, that Government may be pleased to sanction the resolution of the Council to entrust the work to Mr T M Padmanabha Rao and to pay him an honorarium of Rs 100/- out of the Depot surplus money

From the Director of Food Price Division this study, a copy of which was issued to the trade requesting that the result of the second week of the price freeze be made available to the public at the earliest possible moment. Unfortunately this could not be done by the Administration of this office owing to shortage of qualified personnel. The writer has no reason to offer excuse to the public but the fact remains that the work of the Administration must of necessity be manned over to private business concerns.
